05. Start Packing

You don't want to forget anything, like renewing your passport in advance, printing your travel itinerary, prescriptions, chargers for your electronics or converters if you are traveling outside of the country. Pack for the climate and don't forget a swimsuit or two, a gift for your spouse and perhaps some candles to set the mood!

07. Create A Honeymoon Registry

Let your guests help pay for a candlelight dinner on the beach, a tour of a medieval castle, or a relaxing day at the spa. A few of our favorites are Wanderable, HoneyFund, Travel's Joy, and Zola.

08. Share Your Experience

Share your favorite honeymoon moments like the beautiful sunset dinner that was gifted to you in your honeymoon registry or your new Mr. or Mrs. surfing the big waves on Instagram.

09. Live Happily Ever After

You did it, now it's time to celebrate! We will be with you every step of the way to ensure everything goes as planned. So sit back and enjoy your honeymoon. Soon enough it will be time to start planning your first anniversary trip.
